WIRELESS HOTSPOTS

How to connect to eduroam wireless network (Wi-Fi)

Guideline Document for Windows 7 and Windows 8

REVISION 2.0

Compiled by:

ICT Services

Date: 11 June 2014

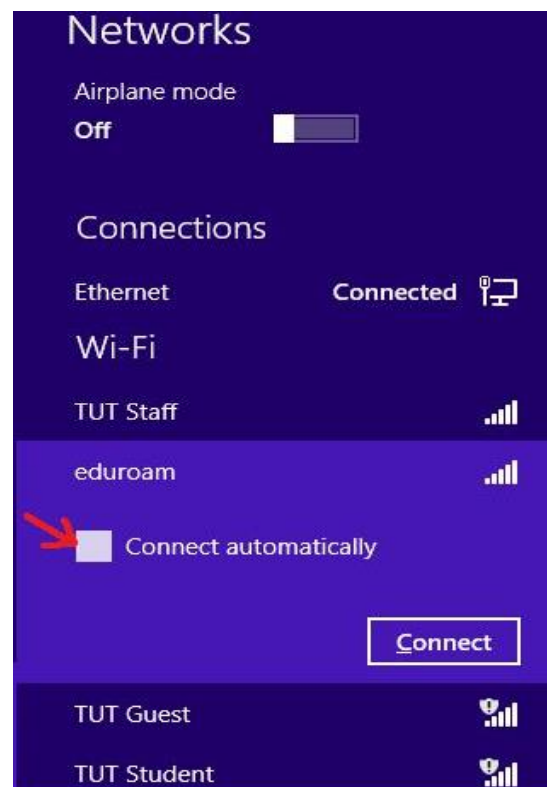

In Windows 7 and Windows 8, if there is a Wi-Fi hotspot, a Wi-Fi icon should also appear in the system tray on the bottom right-hand corner of the screen. 

1. To access the wireless network, click the Wi-Fi icon. You should now see a list of available networks.
2. Click on 'eduroam'. Make sure you uncheck the "Connect automatically" option and click Connect button.

Windows 7

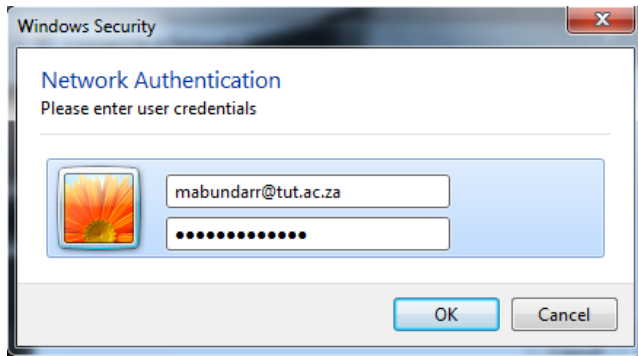

Windows 8

As it is a secure network, you'll need to provide your username and password. On Windows 8, uncheck "Use my windows user account". Enter your credentials as follows:

- Username: username@tut.ac.za
- Password: #####

Windows 7

Windows 8

After successful authentication, if your device is not a TUT domain-joined device, you may be prompted to accept/install a server certificate.

Accept the server certificate and you will be connected to the eduroam Wi-Fi network.

For further support or enquiry, please contact TUT Service desk on 012 382 5678 or send an email to servicedesk@tut.ac.za
